RASE FRAMEWORK

Prompt Engineering for GenAI/LLMs

While there are many prompt frameworks recommended for use with GenAI/LLMs, the following is one that teachers find useful.

R ROLE — Give the GenAI/LLM a role and provide a context

A ASK — Clearly define the task that you want it to perform

S SPECIFIC — Be specific about format, length, style etc required

E EXPERIMENT — Refine your prompt. Ask the GenAI/LLM for suggestions

ALWAYS CHECK FOR ACCURACY OF OUTPUT AND SUITABILITY.
